Ubigeo code is 0611060023.

86 dwellings and approximately 260 inhabitants. It has drinking water, lighting. It has 01 Initial Educational Institution and a Primary Educational Institution

**Information about their farm:**

Among our main objectives: 1.-gender equity, 2.-increase in productivity, and food security. The farms are cultivated under an agroforestry system, which allows soil conservation, the ages of the farm fluctuate from 3 years to approximately 20 years, the farms are planted with soil conservation techniques (furrows against the slope), There are live barriers, live and dead covers that allow the soil to be kept in good condition and avoid the risk of erosion.
